Story-writing Fieldtrip

Students from Bayside Senior School are coming to Fighting Words to write an original story together, and see it being typed up on the Fighting Words screen.

Once they have decided on the characters and plot they will write part of the story together, helped by Fighting Words tutors, editing as they go. They will have time to write their own individual endings to the story. The children will leave with a copy of their book, including illustrations and an About the Author page, complete with their photo.
