The scarf can lie anywhere. Those who go near it will have the feeling to wear this scarf. DO NOT WEAR THIS SCARF.

This scarf will persuade you to wear it. It says it will give you nutrition, hydration, adrenaline, protein and dopamine.

But it will possess you. It will make your eyes green, make you do very embarrassing things. On very rare occasions, it will even make you do evil. You will have no control of your body. The only way to escape is to have somebody else remove the scarf from the victim and throw it away.

The only way to remove the curse of the scarf is to drench it with holy water.
